About Us

National Quarries LLC was established in Siji, Fujairah on June 29, 2002. We are registered in Fujairah, UAE with Trade License no. 80063 and Trade Registration no. 10028407. National Quarries LLC is one of the largest and pioneer company in the stone crushing industry. Spanning more than 20 years of ensuring quality product and services.

National Quarries LLC is part of Al Jazeera Investment - a leading investment company in UAE, with investments in diversified sectors and markets including real estate, constructions, industrial, food, transportation, and concrete.

Our Mission

Maintaining a good
reputation in the market.

Expanding and establishing
new branches.

Attaining to our
clients' needs.

Effectiveness and efficiency
in our work.

Our Team

Mr. Hamad Ali Saif Lootah

Owner

Eng. Thair Aziz Muslem

General Manager

We have 20 office staff working around the clock in different departments of the company such as sales, accounting, mining, crusher production, workshop maintenance, store and weigh bridge.

Having 90 well equipped and trained technicians, operators, drivers and laborers allowed the company to maintain an excellent rate of production fulfilling the needs of its costumers.

Our Strategy

- Increasing our assets (vehicles and heavy equipment)
- Renewing our vehicles and equipment yearly, to maintain our efficiency in work.
- Training our equipment drivers and mechanics, for having the ability to deal with the machines professionally.
- Keeping in touch with our clients.
- As we are expanding the production into three Crusher, we assure more productivity and quality.

Crusher Profile

The Crusher is well positioned to take advantage of the prime quality natural raw materials that are available in the Emirate of Fujairah and our facility is well served by a comprehensive road network with easy access to all Emirates.

The Crusher production plant with equipment, machineries and facilities recognised throughout the Industry as best in class. The development of the Crusher has been designed and built using the latest high-technology and purpose built equipment. Its staff and workforce are highly trained and experienced in their respective fields of management, blast engineering, plant operation, maintenance works and health safety.

The company is committed to providing our clients with aggregates and different sizes of rocks and rock armour suitable for asphalt, concrete, marine and infrastructure construction works to the highest and most consistent quality standards available.

Our Products

- Aggregates for Concrete & Asphalt Production
- Road Base & Sub Base
- Bedding & Filling Materials
